Emergency Water Storage

What is Waterfull?

Self-refreshing drinking water storage system that provides a week's worth of drinking water for a team of 4 without requiring any maintenance. The Waterfull Barrel stores 30 gallons of emergency drinking water. With our patented technology, the Barrel keeps the water supply from becoming stagnant through typical home water use. So when the need arises, you'll always have fresh water to drink.

DON'T FORGET THE WATER

Freshwater is the most needed survival resource after disasters. Don't overlook or discount the importance of storing fresh drinking water.

7-DAY SUPPLY

30 gallons of water will sustain a family of 4 for 7 days. That's 1 gallon of water per person per day. With two gallons left over for your four-legged friends.

PEACE OF MIND

Get the Waterfull Barrel to add alongside your stored food, flashlights, batteries and first aid kit. Get an extra one for your friends and family, too.

DURABILITY

Waterfull Barrels uses plastic that contains UV-inhibitors to prevent degradation and minimize discoloration. The Barrel can withstand temperatures up to 120 degrees Fahrenheit. If temperatures frequently exceed 100 degrees Fahrenheit where you live, we recommend that you install the Barrel in a cool shaded area. The Barrel is designed to withstand temperatures as low as 36 degrees Fahrenheit. If temperatures drop below 36 degrees where you live, we recommend draining the Barrel or moving it to a warmer place or both.

KEY FEATURES

- Patented pressurized system
- Recirculates water with use
- Sealed to protect water from contaminants
- Fits typical garden faucets and hoses
- BPA-free
- Made with food grade plastic
- UV Inhibitors
- Able to link multiple barrels together for more capacity

SPECIFICATION

Barrel Dimensions (assembled): 27" D X 21" W X 32" H

Capacity: 30 Gallons

Package Dimensions: 21¾" D X 21¾" W x 32½" H

Max water pressure: 30 PSI

Barrel weight – Empty: 36 lbs.

Barrel weight – Filled with water: 300 lbs.

Base and lid weight: 13 lbs.

Design: For Outdoor Use

Construction: Durable, Extra Thick Walls, Seamless

Weight: 57 lbs

Color: Ellie Gray, Kenny Brown, Lolacotta
